1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claim 22 is rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventors, at the time the application was filed, had possession of the claimed invention. (New Rejection)

This claim recites that the battery receiving portion may include a guide rail while the battery may include a guide channel. There is no support in the present specification for these limitations.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-23 are rejected under 35 U.S.C. 102(b) as being anticipated by Pitzen et al.
(Pitzen) (New Rejection)

Reference is made to all of the drawing figures in Pitzen along with column 5, line 27 through column 6, line 24 and column 7, line 41 through column 13, line 33 for the disclosure of the claimed subject matter.

5. Applicant's substantial amendment to the claims necessitated the new grounds of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See

Art Unit: 1745

MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
